# **WE'RE HOT!**

## **CENTRAL HIGH SCHOOL**

**2155 Napier Avenue**

**Macon, Georgia 31204**

**(912) 751-6770**

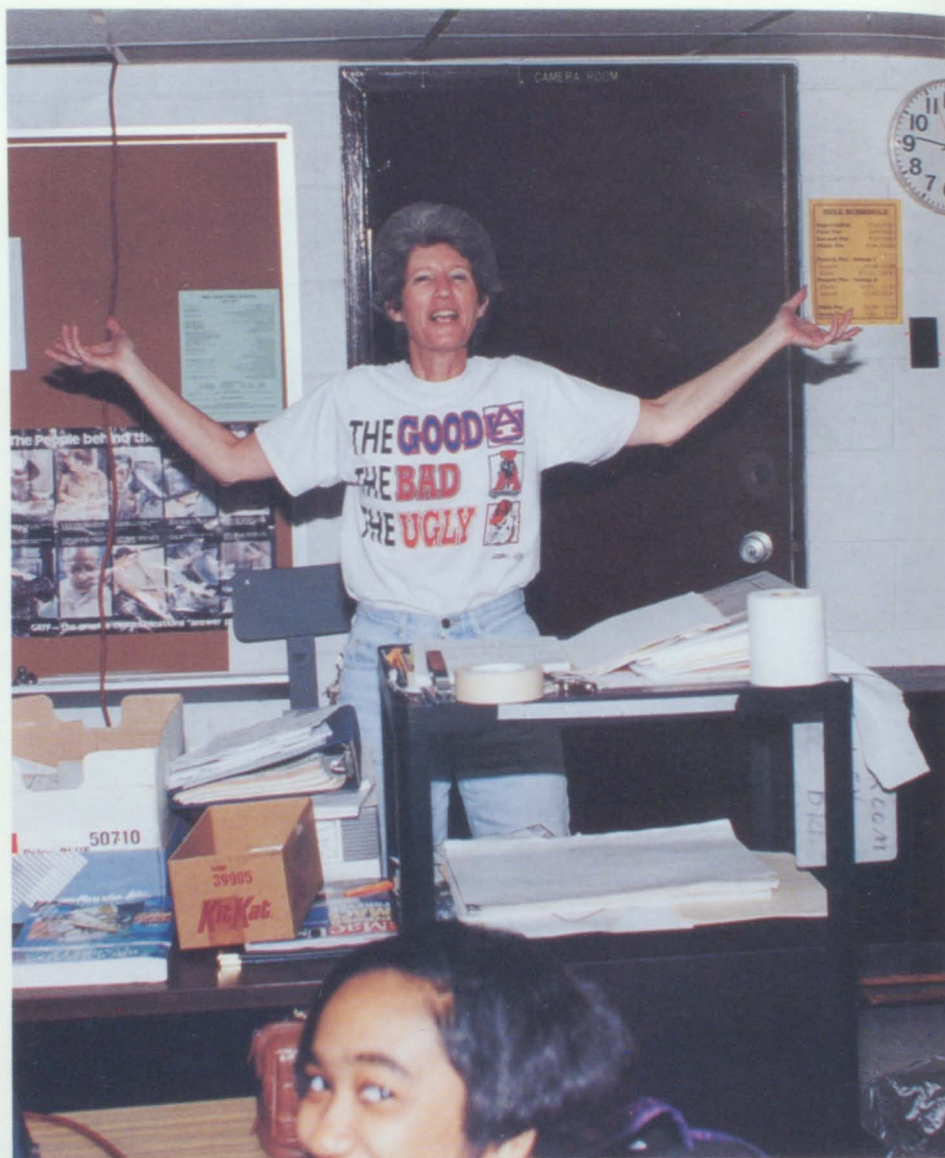

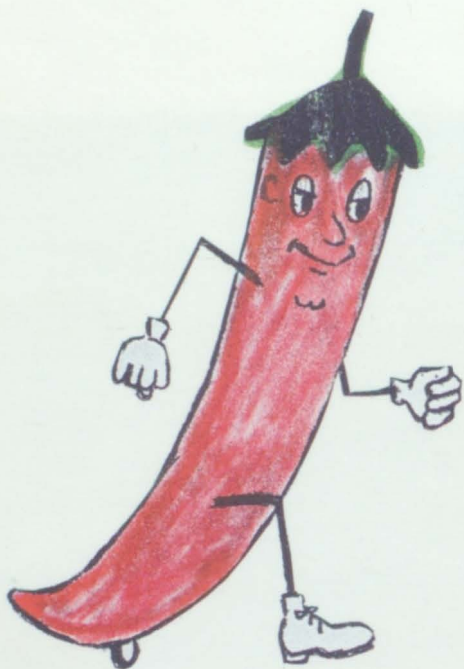

**Enrollment — 2169**

**1995-1996**

**VOLUME 26**

◆ **Stephan Richardson and Monique Smith** are chillin' in the lunch room.

◆ **Tequila Brown, Monica Dean, and Catora Meadows** have got what it takes to start the school year off the right way.

It's only the first week of school, and already, **Mrs. Tuck** has seen the good, the bad, and the ugly.

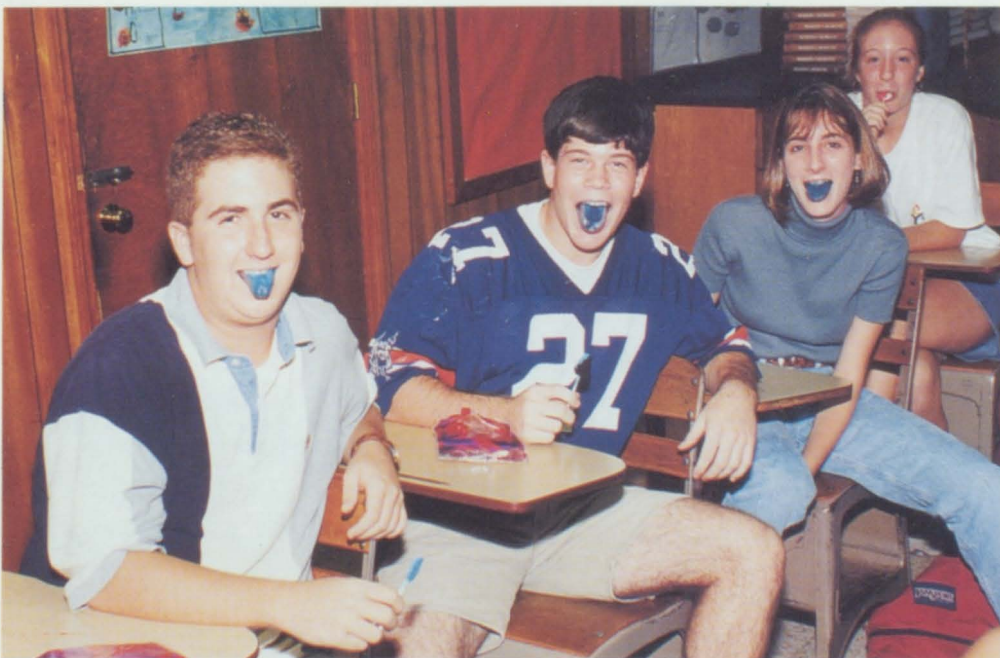

◆ **Maxwell Penn and Brooke Powell** pay close attention in Latin.

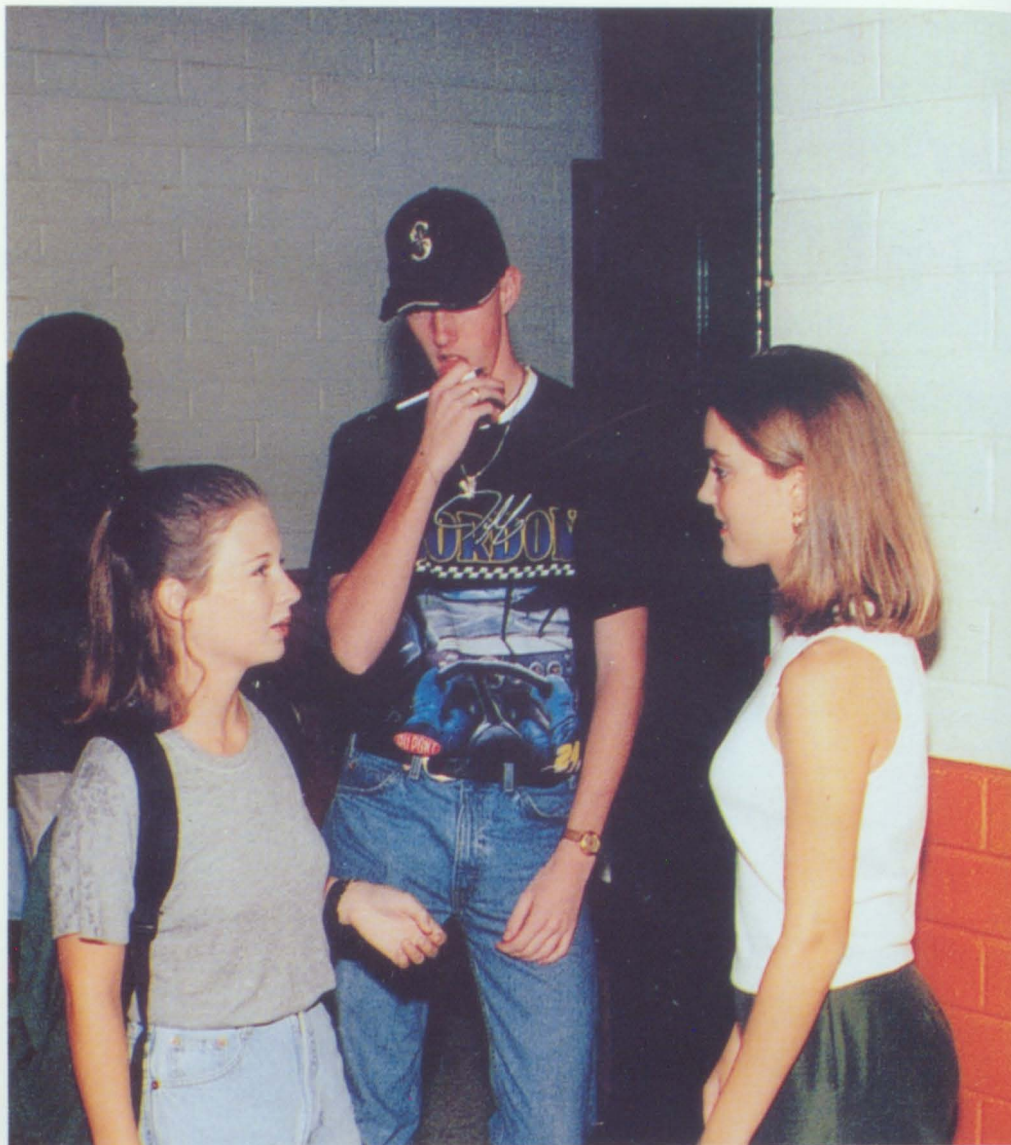

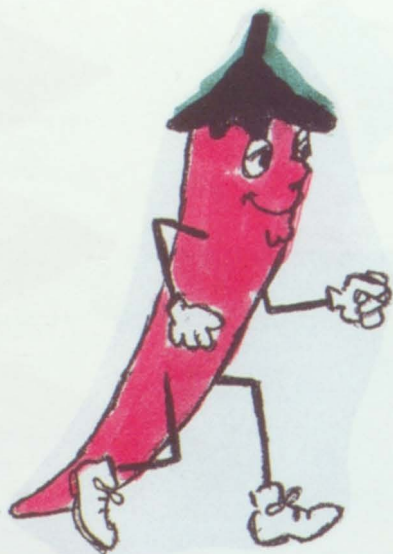

# OPENING

♣ For the first two weeks, students at Central High School were on an alternate schedule due to the heat wave. Here **Marcus Lee** sits at his desk eating a delicious school roast beef sandwich.

♣ **Jonathan Lynn, Matt Botwin, Theresa Nottingham, and Cheryl Johnson** sit in Mr. Aaron's chemistry class sharing a bag of blue suckers.

◆ Kelly Reynolds, Ashley Finch, and Todd Davis are discussing a serious topic.

◆ Carolyn Jenkins and Heather McCroba are the best of buddies.

◆ Even when it's hot, Blake Leslie knows how to stay cool!

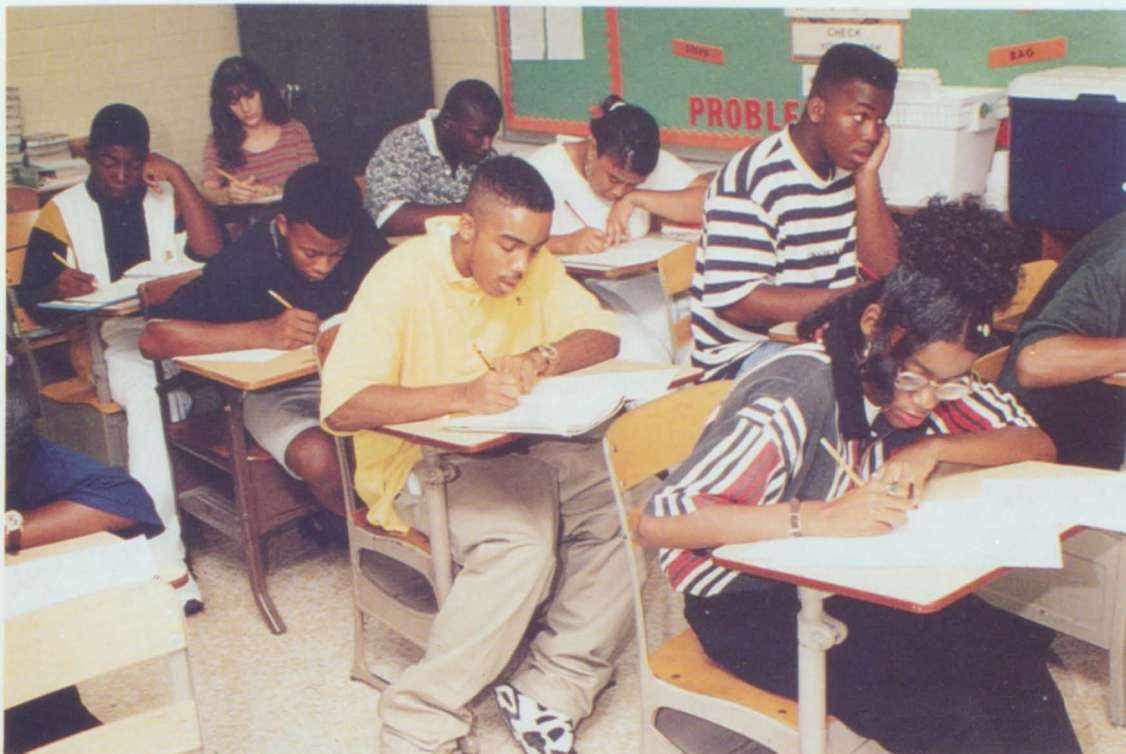

◆ Chayla Green and Adrian Kaigler take a break between classes for a quick snapshot.

# P E • O • P • L • E

◆ Andre Wisbush hard at work in Mr. Billingslea's Algebra class.

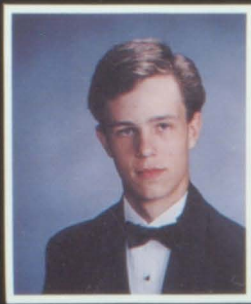

◆ Pierson Hodges, Steve Boaman, Miles Mindleson, and Elizabeth McCord are truckin' it on over to their next class.

## WARMING UP FOR REAL LIFE

### SENIORS PREPARE FOR LIFE AFTER GRADUATION

Graduation is an exciting time of year for every senior. Not only is graduation a ceremony commemorating the conclusion of many years of study, it's also a time of reflecting on the past and looking towards the future.

As the days of graduation get closer, many seniors begin to reminisce about the both the good and bad times they have experienced at Central. Events such as the last football game, the last dance, and the last bell are memories that should be cherished forever. Looking back on their years at Central, many seniors will tell you how much they have enjoyed life at Central. **Andrika Johnson** summed up the feelings of many seniors when she said, "I enjoyed meeting different people, the variety life teachers, and the atmosphere." **Michelle Butt** summed up another common sentiment

"I enjoyed meeting different people, the variety of teachers, and the atmosphere." — **Andrika Johnson**

amongst the senior class when she proclaimed, "I'm glad to be getting out of here — four years is enough."

The time before graduation is also a time for planning for the future. Many seniors have set goals of either working or going to college after graduation. **Tony Lester** summed up his goals for the future by saying, "I am going to a four-year college and majoring in computer science." Another senior, **Chad McCaskill**, said, "I am going to Georgia College in Pre-veterinary medicine."

Congratulations, Senior Class of 1996! Continue to set goals for yourselves, but always remember the contributions your Alma Mater has made in your life.

— Eric Purser

◆ **Brent Griffin, Larry Freeman, Chad McCaskill, and Bobby Minter** discuss their future plans.

## TO HOT TO HANDLE

### HEAT SCHEDULE

The 1995-1996 school year at Central High School will be remembered for many reasons, but one of the reasons was the schedule that started our year off. Unlike most schools, our classes ended at 10:45 for the first two weeks, with lunch until 11:30. Although we didn't get as much work done as needed, in most opinions, including advisors, this was a great way to start off the school year. It allowed us to slowly adapt to studying and working in a hot environment after the long, relaxing summer.

Both the students and teachers needed this change. According to senior **Candace Nance**, "The revised heat schedule was very much needed, because the Lanier A students suffer with trying to learn under intolerable conditions."

Many of us forget that teachers suffer too, and according to **Ms. Hughes**, a mathematics teacher at Lanier A, "It was nice getting out at eleven to go home and eat lunch, but bad because it backed up the curriculum schedule, which put us behind at the end." This is true, as many students learned at the end of the semester, that they had to try to cram the work into their schedule. But to most people, it was worth it. One of these people is **Chad McCaskil** who says, "It was great, because we only had to go to school for half a day. I wish they would try that again at the end of

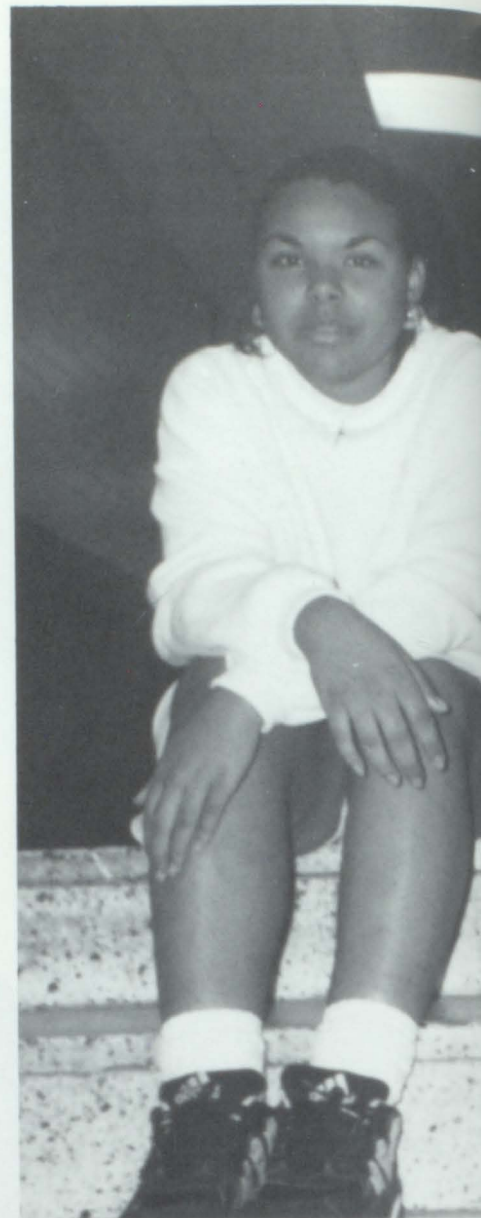

the year." Sorry **Chad**, it probably won't happen again this year, but according to school advisors it could happen in the years to come.

Block scheduling has been considered, for educational purposes, especially for Central, because we're housed in two buildings. In an interview with **Ms. Malone** about the heat schedule she said that, "It's possible that we're going to do block scheduling, and with this schedule we got a feel for what it would be like." There are many of positive sides to block scheduling, and according to Kelly Reynolds, "It was great, because we could concentrate more on three classes and have two days to do homework."

The heat schedule helped to positively reinforce the idea of block scheduling. So for those of you underclassmen who thought this was a one-time-only blessing, it might become a yearlong blessing.

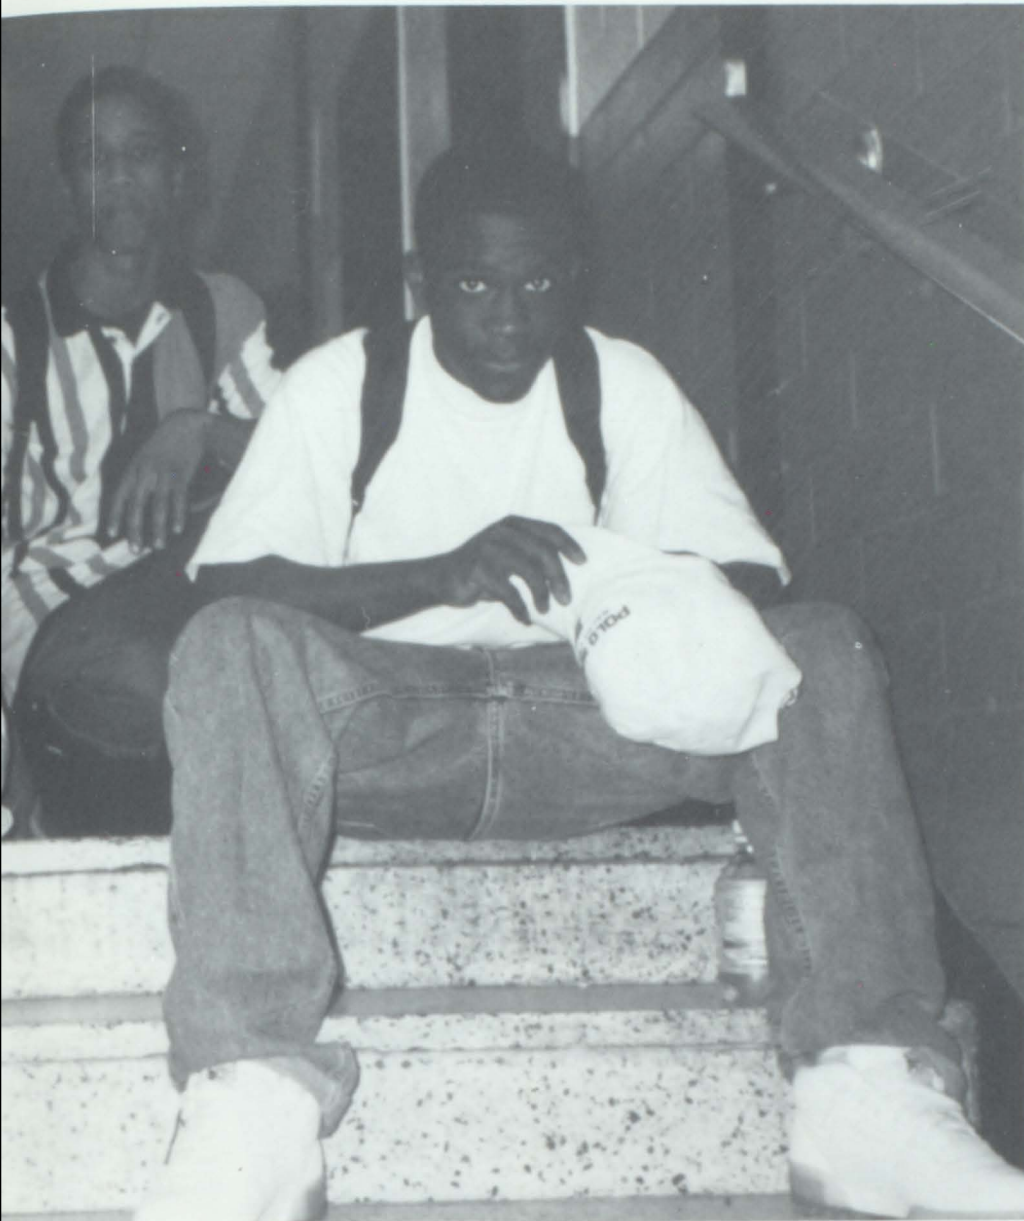

— Angle Miller

✦ **Jennifer Griffin** poses with **Diane Choate** and **Erika Whitlock**, and said, "It was fun because we had more time to do stuff with only three classes a day."

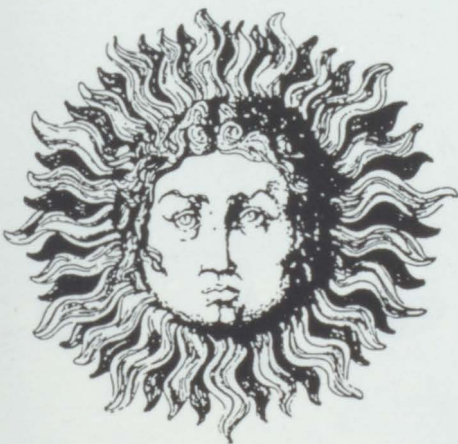

◆ **Christina Wimbush and Adrian Jackson** smile for a picture on the Lanier B steps, and said "We liked it, because we could go home and go to sleep."

◆ It was hot as chile peppers!

◆ "It's impossible to think in that kind of humidity, so it was good for them to shorten the day. I wish they would do it in the winter, when it's too cold to think," says **Russ Mills** in between bites at lunch with **Mike Smith and Christian Trotter**.

**Anne Shuckers** feels that the money spent was too much.

## O.J. SIMPSON TRIAL

Even though it is not talked about much any more, no one could even forget the issue of the O.J. Simpson trial. "I think it was a mockery of the United States Justice System; our courts turned into a 3-ring circus," said **Byron Hartman**, Central junior.

O.J. Simpson was the talk of Central High School for a while. Everyone has his/her own view and opinion. O.J. hit the air waves and the T.V. screens were watched like a plague. People O.J. was on everyone's mind, even **Mrs. Knight**, who was in labor with her first child. She watched the verdict on T.V. on October.

O.J. had many fans, but he also had many enemies. "I really could have less," was an anonymous quote. Everyone everywhere was trying to

“

"I think O.J. Simpson was innocent, but he knows who did it. I didn't like the way the media handled the situation. It was over publized." — **Omega Finney**, senior

”

be his judge. Should he be locked up and forgotten about forever? Then on the other hand, should he be let him go?

The trial went on and on and on. Many were getting sick of hearing about it. "I think they spent entirely too much money on the case," said **Ann Shuckers**, Central senior. "I really got tired of it," replied **Chris Fink**, junior.

A few of our Central students have mixed views, **Andrea Manning** a junior, said, "I think it drug on entirely too long." They just didn't feel that it affected them. **Kate Ewing**, a senior said that, "I am glad it's all over."

— April Haynes

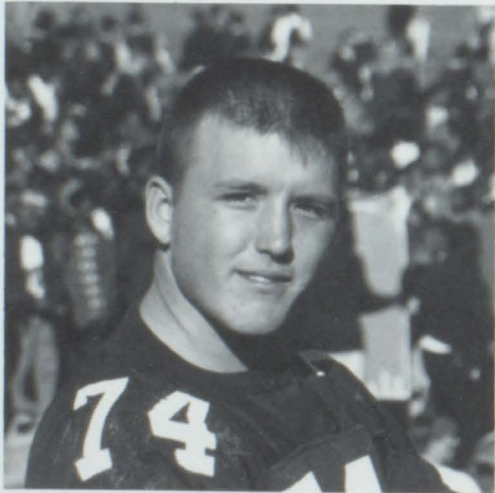

"I think if they do one trial that publicly, they should do all trials that way." — **Lisa Baker**

# RUNNING HOT SPOTLIGHT ON THE '96 OLYMPICS

You see them everywhere — flags, banners, t-shirts, keyrings, emblmed glasses, sweaters, and much more, Olympic fever is spreading! Everyone is showing support for what's going to be one of the biggest events to put a light on Georgia. While the general public is anxiously preparing for this spectacular event, the Atlanta Committee for the Olympic Games is working very hard at trying to raise money to pay for the games. Already having commitments for 90 percent of the money they need, they still have to earn \$194.7 million with less than six months to do it. Half of the money needed will be expected to come from ticket sales. ACOG

"We do volunteer work around the city of Macon. We work at Magnolia Manor and we also visit elementary schools to talk to the students about the Olympics." **Jennifer** then goes on to tell how one can become a Dream Team member. "To become a Dream Team member you have to write an essay. After you've gotten that far, you have to attend an interview in Atlanta. When you're chosen, you then go through initiation." When we asked how it feels to be a member, she responded "It's a very exciting experience and an honor. I enjoy it because I'm helping Georgia welcome the world to Atlanta." The Dream Team has

—  
"Mrs. Ryle says, "The Olympics gave us the inspiration for the prom, but I'm not going near Atlanta." "I'll go around it, but I'm not going near it. I hope America wins."  
—

sold \$328 million worth of tickets last year with ticket sales resuming to the general public in February. ACOG is also selling ptps (premium ticket packages) to corporations for \$50,000 apiece. Other major sources to provide for the money needed are expected to come from souvenir sales and parking fees which will pile up when the games begin.

While the ACOG is hard at work, Central's very own **Jennifer Long, Kristen Maynard, and Chris Baucom** are making their own contributions to the Olympics by being a part of the Olympic Dream Team, an organization of 100 students selected out of Georgia. **Jennifer Long** filled in with the details. "We promot the Olympics," says **Jennifer**.

been featured in many articles and has made a guest appearance on "A Date with Del."

Central's students have expressed their opinion of the Olympics also. **Lashondra Kendrick**, a graduating senior, says, "I think the Olympics are going to be fun. I feel lucky to live nearby the location. I hope to get a chance to go." ROTC participant **David Tribble** had an interesting response. "I think it'll be good for the southern economy," says **Tribble**, "The Olympics will bring so much commerce."

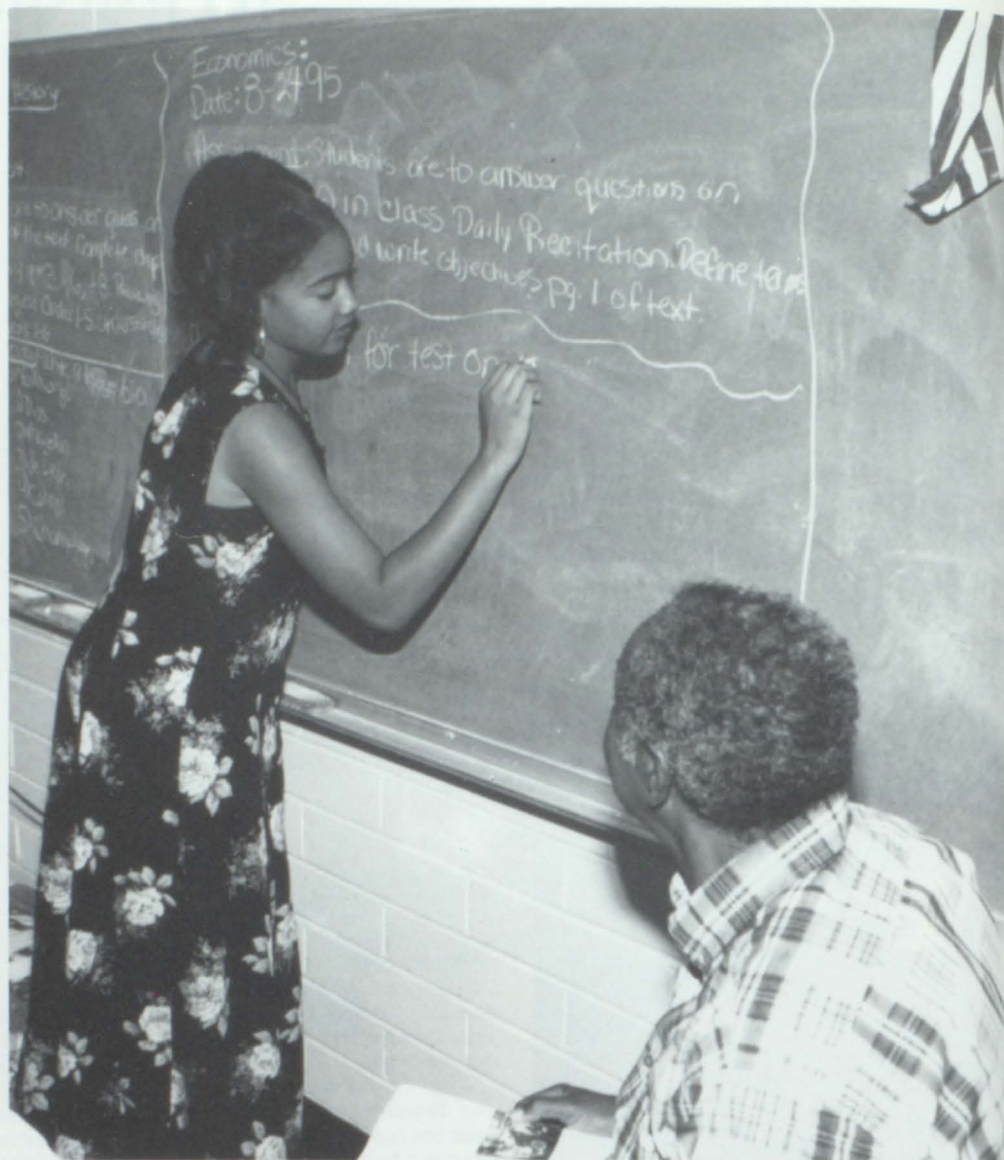

The Olympics promise to bring fun and excitement to the lives of many especially the lives of Georgians!

# ALL FIRED UP

This school year many students should have noticed a few changes in the Lanier B office. **Mrs. Malone and Mrs. Simmons** are our new Assistant Principals, and **Mr. Smith** is our new Complex Principal. Most students will recognize **Mr. Smith** as former Lanier A principal. "In the past I was over one building. Now, by virtue of position alone, I'm over both buildings." As Complex Principal, **Mr. Smith** has gained the position necessary to initiate change within our school.

**Mr. Smith** comments that, "All decisions are made in the best interest of the students. Two successful works in progress are the elimination of Lanier B's parking problem and the cancellation of supervision. For the first time in years, spaces in the Lanier B parking lot have been assigned and "the cage" has been expanded in order to adequately accommodate our growing number of young drivers."

Beginning February first, there will be no supervision. Fourteen minutes of our school day are saved and the number of times students change classes is decreased. **Mr. Smith's** objective is, "To eliminate class changes therefore eliminating problems."

Central currently has many successful programs specialized for gifted, advanced, and honor students. **Mr. Smith's** promise is to, "Orient our philosophy towards all teachers sharing a role in addressing the needs of average and fundamental students." Some of **Mr. Smith's** goals are to develop a closer relationship parents and the school, to achieve a better working relationship with the surrounding business community, and to utilize the WAVE program. WAVE stands for work achievement values and education. The WAVE program is geared towards meeting the needs of all students, considering the possibility that all students are at risk academically, emotionally, and socially, beginning in Central High School. Change brings improvement, and Central's future looks bright.

# THE BOILING POINT

For many Central students and advisors, the year 1995-1996 was a year for many changes. As some might say it was a year for "out with the old, and in with the new." For the students and teachers who have no attachment, it's about time. Yet, there are many who are attached, and with the destroying of Lanier A comes the destroying of many memories. Ms. Simmons, for example, was in that building from 1988-1995, and for her there was a lot of heartache, as she drove up to school the day construction started. Yet, according to Ms. Echolls, in her short period of working in Lanier A, she can see why this construction, or destruction, is very necessary.

Although there are many joys in a new building, many teachers are concerned with the awful torture of the actual construction. Even though, "the ends will justify the means," the dust and noise is unimaginable. Weaver Middle School is expected to open in August 1996. Many hoped Westside High School would open in 1997, but it could take longer. Lanier A won't actually be emptied and destroyed until Westside is in session. It's going to be very difficult to have Weaver Middle School as a temporary obstacle between the buildings. Students already find the new walkway and parking lot annoying, and it's especially interesting when it rains. The new parking lot was made over the old soccer field, and Pierson Hodgins wishes that they could have waited till after the soccer season.

There are many more things that must be looked at, for according to Ms. Simmons, "Progress must go on." Although many students of the past and present will miss the building, it's long overdue. As student Brent Griffin says, "I think it's great and about time, it should have happened twenty years ago." Lanier A has seen many generations come and go, but it's time to start a new generation with a well-deserved change. Although the building is being destroyed, the memories will live through the hearts and minds of people for years to come.

— Angie Miller

It's much easier for **Ms. Echolls** to say goodbye, "It's only my third year here and because I haven't been here very long and don't have these feelings of missing the building, and instead I see all the reasons why this is necessary. I think this is a step in the right direction."

◆ Students crossing between buildings had to be rerouted.

➡ Construction is under way at Lanier

”

**John Walker** realizes how old the school actually is when he says that, "My dad went there, so it's probably about time it came down."

“

**Ms. Simmons** told her daughter as they were riding up to Lanier A on January 29th, "There's a lot of sadness, because this is the last time Lanier A will be intact as we know it."

◆ What a mess! No, it's just work beginning at Lanier A.

◆ What it's like to have to walk the new path between buildings on a bad day.

◆ **Bronson Lee** enjoys the I.B. Program.

◆ The I.B. seniors are working constructively on a picture project.

“

"I have been with them for four years. It has its advantages and disadvantages. I probably would have got more out of them if they were less stressed out. Some of the stress came from their own fault." — **Algy Edwards**

”

"I stayed in the I.B. program because it is tougher than Advanced Placement." — **Kenny Durden**

◆ **B.J. Dixon** feels that, "My I.B. senior year is the easiest of all four years."

◆ "I am really proud of the thirteen I.B. seniors, they have set high standards for all the class which will follow." — **Elizabeth Hinesley**

# THE HEAT IS ON

Central's International Baccalaureate (IB) seniors of 1996 will be the first to graduate from this rigorous program. In the fall of 1992, six teachers were trained for the beginning of the new IB program. Four years have gone by and thirteen students are looking forward to getting their IB diplomas.

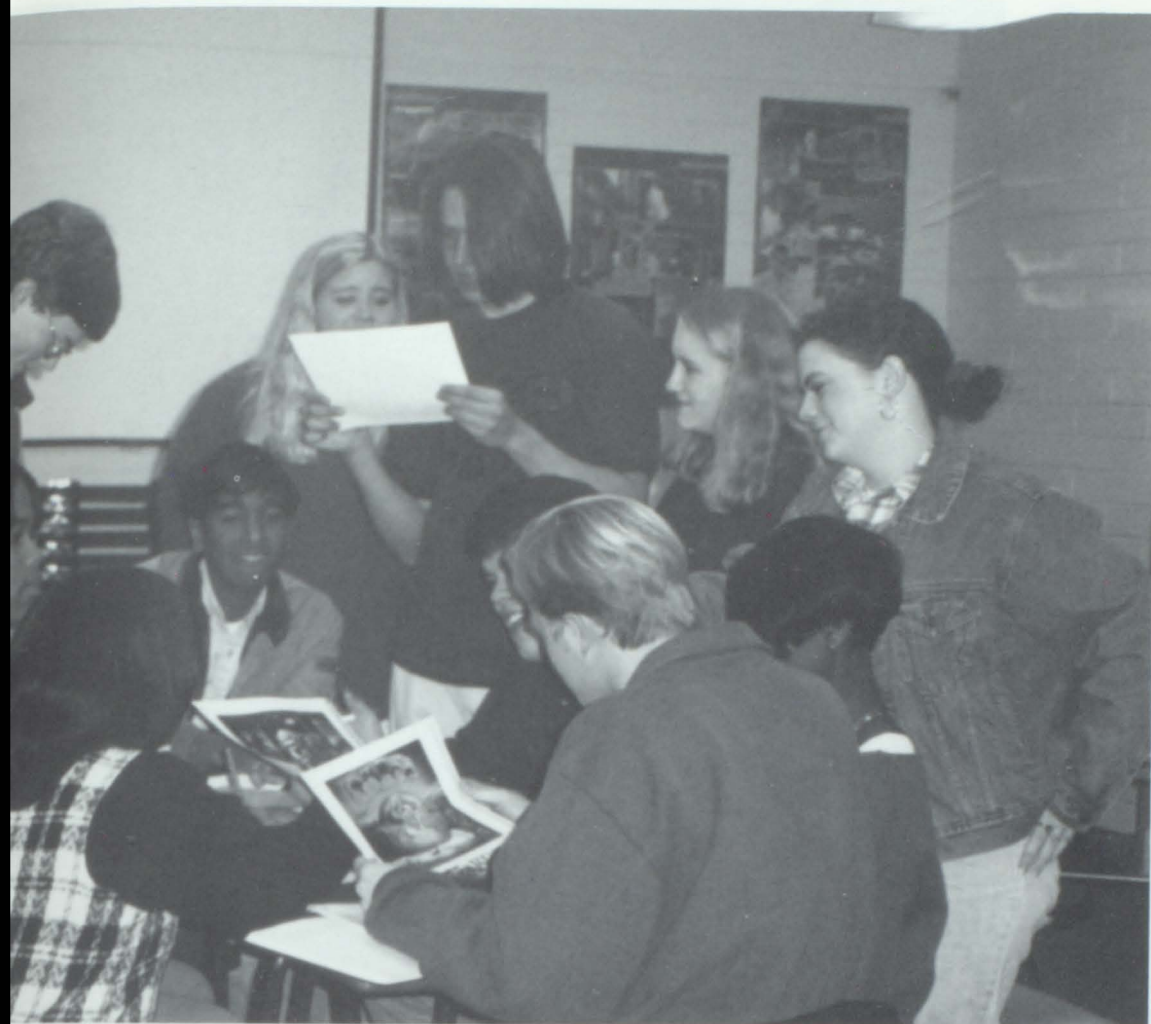

The IB program requires that you pass extensive oral and written exams in each subject. There are other additional requirements such as, writing a 4,000-word essay, completing a research project, and 250 hours of community services.

The IB students think that the program is a lot of work and it has prepared them for college. Since the program was new to the school, **Emily Isreal**, the IB class representative, felt that she and her class mates were treated like "guinea pigs."

**Kenny Durden** proclaimed, "We're ostracized from the rest of the school." **Bronson Lee** felt lucky to have been afforded so many learning opportunities. **Chris Baucom** felt that he could learn faster from a smaller class than from a bigger class. **Brian Hammock** thought that he was lucky to be the first IB class from Central. The IB students felt the working had has paid off for them.

At the end of an IB student's senior year, he or she takes a test in each subject area to earn an IB diploma and a possibility of receiving college credit. The college credit varies from state to state depending on what is made on a scale from one to seven. Most colleges and universities from all over the U.S. accept the IB college credit.

## Football

The Charger football team started its season off at ABAC camp in Tifton, Georgia for three days. Many players had the same response to the camp — it was hot and it was tough! Evidently the camp and many long hours of practicing after school were worth it. The Chargers were City Champs again for the second year in a row and also beat Southwest for the fifth year in a row. They missed the playoffs by only one game. Their record was 7-3.

This year, the defense was led by linebackers **Jerome Pope** and **Tony Gilbert**. **Stuart Walker** was the quarterback with six touchdown passes mostly received by Matt Meadows. **John Jones** led the region in punting and was named to the All-State football team.

All in all, the Chargers had a good season with the number one defense in the city and second in Region 2-AAAA.

# Hot Stuff Baseball

"It was a predominately trying year but we managed to win two games." **Lucas Cobb**

The Baseball team had an eventful season this year. The players practiced hard last season and the hard work paid off. The season, although disappointing in some ways, was a wonderful experience for everyone involved. The team had a lot of new comers after the departure of the seniors last year. In February the team

practiced on fundamentals like hitting, throwing, and fielding. The work that they did made them the strong baseball team that they were. The baseball team were City Champs. **Matt Meadows** had one of the highest batting averages on the team. It was well over .500. **Meadows** also had 3 homerun saving catches.

# TURN UP THE HEAT BASKETBALL

**Coach Brown** and **Coach Lightfoot** have worked hard to make this year's basketball team the best. So far this year's team has won two games and has lost twenty. The team meets Mondays through Thursdays from 2:30 to 6:00 in the afternoons. The season started against Northeast at Central's Tip-Off Tournament. **Corey Rouse** felt that, "If we had come together, as a team earlier, we would have most likely made the state tournament. We had a young team; the

talent was good, but we should have played better."

**Coach Lightfoot** felt that, "Some people believe that the team wasn't successful in terms of wins or losses but they were successful in that they did their best. Many sophomores and freshman were on the team. They are building blocks in this season for stepping stones for the future season. I truly believe a person is not defeated until he gives up."

“

Due to circumstances beyond our control, there are no basketball pictures this year. We apologize for this fact but bad weather and a photographer who didn't show caused the problem.

## SOFTBALL

"This year we had an outstanding season. We hope to do even better next year." —  
**Coach Campbell**

Central's softball team, which consists of approximately 18 players, has had a very good season this year. Assistant coach **Antilia Haley** was very enthusiastic when interviewed. Coach Haley like sports very much and has a son, who is the oldest, **Tirelle Haley**, who has been playing baseball for 4 years. When asked of her experience with the softball team she responded with, "It's my first year

coaching the team. I was nervous when I first started out, but as I got into it I felt more comfortable. Coach Campbell taught me a lot about the game. The most exciting game was the regional playoffs in which we (CHS) placed 5th. I am looking forward to working with Coach Campbell and the team next season."

# HOT HEADS

## SOCCER

One of the most popular, yet most underrated sports at Central is soccer. Despite being underrated, last year's soccer team was one of the best ever. During the regular season, the Chargers went 9 and 2. This included key victories over Northside and Baldwin County. Overall, the Chargers tied with two other teams for first place, but due to state rules, they did not go to the state tournament. This caused somewhat of a controversy. Many Central fans felt that a round-robin tournament would have been a better way to break the three-way tie. Under the current rules, the three-way tie was broken by de-

termining who had accumulated the most goals while playing the other 2 teams in the regular season. When all was said and done, Warner Robins and Baldwin County came in over Central.

Last year's soccer team had several noteworthy players who contributed to the team's success. On the offensive side of the ball, **Eric McClellan** and **Matt Britt** led the way in scoring. **Jason Patrick**, goalie, and **Mark McClellan** helped to sure up the defense. All of the players, however, made a great effort to get the team into the first place tie.

## WRESTLING

"This year's team was one of the hardest working groups we've had in several years.

**William Gibson** won over 100 matches in his 4 year career. This years team placed higher at state than any other team in our region. Congratulations to **William Gibson, Jeremy Nelson, Roderick Gibson, Cedric Howard, and Tal Israel** for qualifying to the State tournament.

**William Gibson** placed 3rd individually at state." — **Coach Carr**

Wrestling has had a great 95-96 year. This year's team is the best Central has had in the past four years. Just about everyone on the team had a winning record. **William Gibson** placed better in state than any one else in the Middle Georgia area. **Gibson** also set a school record for being the first student from Central to win

more than one hundred matches in four years. Coach **Holleman** and Coach **Carr** have done an excellent job coaching the wrestling team. Even though there were a lot more underclassmen than ever before, the team still had an overall winning record.

TENNIS

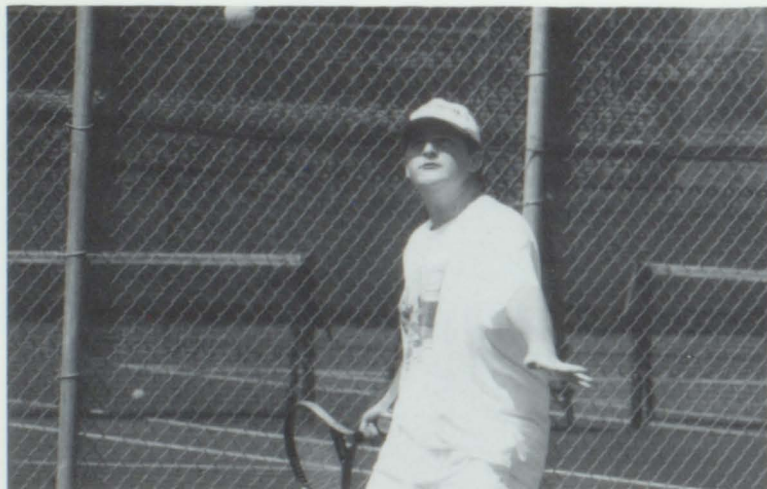

In the last thirteen years the Central girls tennis team has won ninety-seven games. This past spring the team has lost only one match and were the City Champs. There were two senior starters for the 1995 year, **Betsy Cable** and **Jenny Bryan**. The rest of the starters included **Jennifer Long**, **Kathleen O'Connell**, **Jill Lehman**, and **Anna Cate Ridley**. Everyday after school the team would

practice for two hours at the John Drew Tennis Center, and such a good record shows that all the practice paid off.

The same goes for the boys team which has consistently been in the top three teams in the region in the past years. **Coach Simonton** expects for them to compete for the region championship for the upcoming year also.

## RUNNING HOT

### CROSS COUNTRY

The Cross Country team practices hard everyday after school. Each person on the team had to run over 30 miles everyday. The team was composed of 5-7 boys and 2 girls that quit part-way through the season. Some team members thought that the training was fun, but the competitions that the team had twice a week were difficult. Towards the beginning of the season Central's team, headed by Coach Lightfoot wasn't doing very well; but by

the end Central had become one of the best. The team might have been able to do even better had the team's bus been on time more often. The bus was often forty-five or more minutes late. The team was late to most of the meets. Sometimes they got to the competitions half way through the meet and once as in the case of the State meet, they got there too late to participate at all.

# WE LEAD IN EXCELLENCE!

The Central High School JROTC is one of the oldest units in America. It was started in 1917 when Central was a school for boys and for fifty years JROTC was a required class. Through the years JROTC classes at Central have become a tradition.

In JROTC you learn about many things such as First Aid, drug abuse, techniques of communication with others, leadership, map reading, American citizenship, and American history. It unlocks potential career opportunities and provides a number of extra-curricular activities.

"It's as easy or as hard as you want to make it," states Colonel Schroeder.

# GOLDEN EAGLE NOMINEES

Golden Eagle nominees are students nominated by teachers who write up recommendations. The nominees then fill out applications that contain a list of their past and present accomplishments. This is only the first part of the process of being a nominee.

The nominees then must go through an interview that lasts about 15 minutes. They're interviewed by one of the three people chosen by the sponsor, the Macon Telegraph. These people are experts in at least one of the areas students are nominated in. The students chosen to be Golden Eagles are selected by their application, recommendations, and their interview.

*Lakeitha Grey, Monica Stevens, Tracy Zayac, Candice Nance, Allison Martin, Roderick Klingelhofer, Ruvan Weerasuriya, Elizabeth Head, Pierson Hodges, Eric Purser (not pictured), Bronson Lee (not pictured), Chris Baucom (not pictured).*

# STAR STUDENT TRACY ZAYAC

**Tracy Zayac** is Central's Star Student. Her combined S.A.T. score was 1520. She made the highest score in the school. She plans to go to Georgia Southern. Her Star Teacher is Mrs. Odom, because Tracy feels that she was a wonderful, dedicated teacher, and that she should be recognized for her efforts.

♦String members **Jessica Gibson and Cheri Simmons** concentrate on their music.

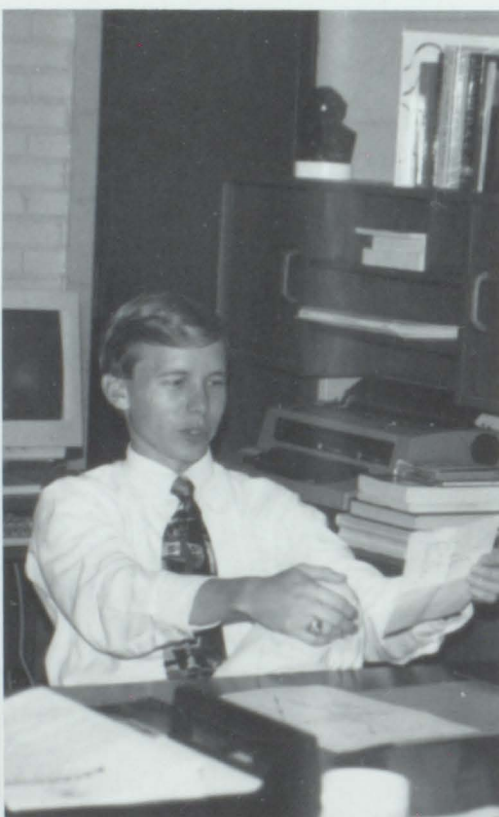

♦**Elizabeth Fordham** practices for the next performance.

♦**Selina Russel and Christina Long** love their violin.

Drum Major **Keith Welton** awaits the next command.

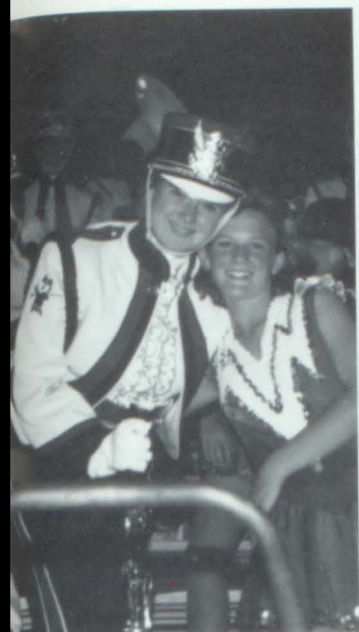

**Mr. Tobias** reviews his things to do list.

Drum Major **Amy Minshew** stands at perfect attention.

**Katie Collinsworth and Kim Dalton,**  
best of friends.

Members of the Color Guard show their friendship.

Let's Go Chargers!

**Ebony Brown and Summer Davis** prepare for their  
next move.

# MACON MELODY

Central's Chamber Choir is all smiles after their amazing performance at Mulberry Methodist Church. They performed a Christmas Concert, in which **Jennifer Long** sang a solo in Sussex Carol. **Drew Crawford, Ken Thompson, and Justin Tucker** sang solos in Ave Maria.

Members of the Chamber Choir are showing what else they do with their months, besides sing.

**Ms. Helman** is all smiles, because as we all know, she's the woman behind the melody.

# Central's Choral Program is Hot!

The Show Choir is showing off their dynamite uniforms to go along with dynamite voices.

**Russ Mills** is Central's own reminder of Elvis, just a little flashier.

**Ken Thompson** shows us his importance to the show choir, with serious smiles behind him. Don't forget the words **Ken**!

Central's mixed chorus stops practicing to pose for the camera.

# THE YEARBOOK STAFF

◆**Cindy Trayner** seems content to label pictures.

◆**Hanna Williamson** and **Angie Miller** are patiently drawing layouts.

**Sharon Denier** types as **April Haynes** watches.

**DeMarc Campbell** works diligently at labeling pictures.

The Yearbook Staff takes time to goof off.

**Natalie Smith, John Swint, and Ami Adams** are coming up with ideas for photo captions.

**LeAnne Solomon** is busy at work as usual.

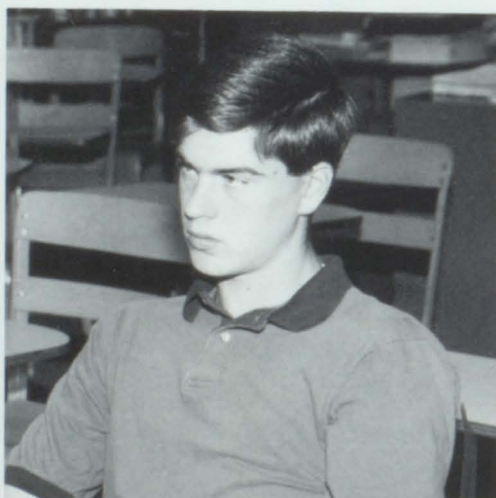

◆ **Tori Holder** "keys in" her daily assignment.

◆ **Russell Folmer** sits anxiously waiting for Mr. Caldwell's next instructions.

**Leah Miller, Jason Chapman, Travis Bishop, and Susie Schweizer** stand around chatting before the next period bell.

◆ **Rodney Reeves** stands at attention without the interruption of his surroundings.

# A D S

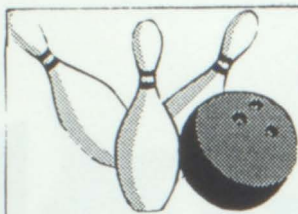

◆ **Stefan Richardson** styles with the crowd.

◆ **Brian Adams** puts his jell-o up for grabs.

Larry, (A.K.A. Bucky)  
Congratulations!

You finally made it! It seems like only yesterday that I cried uncontrollably as I left you crying uncontrollably in your first grade classroom. I had to learn to let you go then, just as I have to learn to let you go now. You've tried my patience, tested my nerves, and made me shake my head in wonder. Most of all you've made me laugh until I hurt, put a twinkle in my eyes when nothing else could, and make my chest swell with pride. Remember, "Where's my worm", October 21st, Pop, Dawgs, #12, deer stands, Halloween kidnappings, moons, Jet Skiis, Blondie, and 3 wrecks in three months. But most of all remember how much *you are loved!*
